as adults we often find ourselves in the predicament of being unable to isolate the two.

On May 16th at 7:30 in the Old Rochester Regional High School Auditorium there will be a program devoted to the above dilemma. This program will include: 1. A demonstration concerning the legality and use of the Breathalyzer; 2. A short film entitled "The Last Prom"; 3, A short presentation by Chief Scott of Marion, Chief Pearsull of Rochester, and Stanley Ennis, the Safety Officer in Mattapoisett; 4. A brief discussion by Dr. John Conway of the effects of marijuana and its involvement in auto accidents. The end of the program will be devoted to the explanation and distribution of materials concerning "PROM WATCH '83".

Included in the above program will be an explanation of our 'Friends Don't Let Friends Drive' campaign. Copies of the contracts used in this program will be appearing in the Presto Press during the next several weeks. A lot of time and energy has gone into the planning of this year's program.

Mattapoisett Town Meeting

Reported by Virginia Arral

Mattapoisett's annual town meeting on Monday, May 2, was completed in about three hours, with only 208 voters attending to approve the spending of over $4. million dollars.

Credit should be given to Moderator R. William Blasdale who handled the meeting with clarity and efficiency. His recommendation to eliminate the complete reading of the town budget article and stick to the item number, item and appropriation met with swift approval. Not in recent years has a town operation budget been completed without a HOLD on an item.

Following the Invocation by the Rev. Gabriel Healey of St. Anthony's Church, a moment of silence was observed in remembrance of former Selectmen Lester A.

all town employees and elected officials reflecting an across the board five percent increase.

Special articles voted included $36,190 to be raised and appropriated and $61,100 to be transferred from various accounts. Spending was kept to a minimum due to the constraints of Proposition 2½ and the dedication of the selectmen, finance committee members and department heads.

Voters approved the authorization for selectmen to file, in conjunction with Marion and Rochester, a petition to the General Court for special legislation on exempting the Old Rochester Regional School District from the limitations of Proposition 2½ (for the purpose of school repairs).

Selectman James F. Huntoon explained there was no expenditure to be voted at this time, but there could be a bond issue sought at a future meeting if the legislature approves the Tri-Town petition.

Richard E. Chase noted the schools are supposed to live within their budgets just the same as private businesses. "The mandate of the people is going down the drain", Chase said.

Huntoon offered several possible solutions to the financial crisis: 1. disband the ORR School District by a 2/3 vote of all three towns; 2. increased state aid; 3. have the state pay 100 percent reimbursement for transportation and special needs.

As an explanation of the article which was approved to spend $3,000 for a school population study, Huntoon showed slides describing the trend in student enrollment. He noted Rochester has shown, and will continue to show, an increase, while Mattapoisett has declined. Mattapoisett's share of $3,000 will be combined with the same amount from Marion and Rochester to pay Southeastern Regional Planning and Economic Development District (SRPEDD) $9,000 to conduct the study.

In reply to a question from the floor, Huntoon said the study will be a one-shot one, and it should be completed in six months. Huntoon responded to Chase's comment on spending $839. a year to stay with SRPEDD, saying "we get our money's worth, and this will enable us to get an outside survey".

The sum of $3,000 was voted to conduct a study on the feasibility of locating a high-tech commercial park in town. The survey would cover a drainage and traffic pattern study. Five sites have been considered; one specific site abuts the present Industrial Park and extends to Route 6 between Mr. Meat and Burnham's Nursery. It was noted the 160 acres are owned by Dennis Mahoney and Sons, Inc.,

John Pagenkopf, of the area Chamber of Commerce, extended the support of his organization to the survey saying, "It will bring new jobs to the area".

The only article that varied from routine discussion was the request of Paul M. Kelley, Jr., fire alarm superintendent, for a bucket truck. Although not recommended by the Finance Committee, voters allowed Kelley to present his proposal before indefinitely postponing it until a special town meeting when cherry sheet figures will be available.

Kelley cited the dangers from high voltage lines and the need for proper fire equipment. He said the truck could be leased for $7,000 per year or bought outright for $26,000. When he said the truck could be rented out for income, Vincent Worden asked "Why, 'we' (the town) couldn't rent one"? Kelley responded saying, "The cost, between $300-$400 per day, plus manpower, would be expensive."

Dr. William S. Downey, Jr. of Ocean View Avenue, Brandt Beach, spoke on behalf of an approved request for $4,000 for a water quality survey to determine

the extent of pollution in the private wells in the Brandt Island and Mattapoisett Neck area.

Dr. Downey commented on the high rate of contamination in the wells and felt it should be a community responsibility to survey the area rather than on an individual basis as urged by a neighbor, Hoyt C. Hottel of Ocean Drive. Downey brought a laugh from the voters as he told of buying such large quantities of Clorox at K-Mart to clear the well that the manager wondered what he was doing with it.

A companion article seeking to have the water main reinforced from Park Street to the Molly's Cove area was indefinitely postponed, as it would take the budget over its limitations. William T. Nicholson, water superintendent, said that the cost would be $553,000, with $261,500 from the state and $291,500 from a bond issue from Mattapoisett.

Voters approved to abolish the Board of Fire Engineers. The change will allow selectmen to directly appoint a fire chief and deputy chief, thereby eliminating the second tier of management.

Other articles passed include: transfer of $40,000 from free cash to the Reserve Fund; $14,000 from free cash to purchase a new truck for the water/sewer commissioner and to trade in a 1972 truck; $4,500 from Revenue Sharing to SRTA for bus service and $2,600 from boat excise tax receipts for wharf maintenance.

Funds were raised and appropriated for: $16,000 for two marked police cruisers, including the trade-in of one vehicle;

The Personnel By-Laws were amended granting town employees an additional holiday (making 12) to include the Friday after Thanksgiving Day; setting up a pay grade with a minimum wage scale; rewording Superintendent-Water Department Grade 10 to read Superintendent-Water/Sewer Department Grade 11 and to change the wording on the "fringe benefits section" to read "that town employees shall not be allowed to take money in lieu of benefits, if the benefits are not taken".

The General By-Laws were amended to allow an increase from $1,500 to $4,000 before competitive bidding is required. Chairman John DeCosta explained the change will be for items only - not for services; substitute "selectmen for police chief" to grant licenses to persons keeping junk cars.

Accepted as town roads were Channing Road, Holly Lane and Tupola Lane, with the condition Town Counsel Donald J. Fleming receive satisfactory deeds within 30 days.

Not approved was a request for an estimated $10,000 to resurface the tennis courts at Center School. Selectman DeCosta said Manuel R. Nunes, highway surveyor, offered to have the cracks filled as a temporary measure.

At the conclusion, Selectman Chairman John DeCosta thanked everyone for coming!

BUILDING INSPECTION FEES RAISED

Selectmen voted the raising of building fees as requested by Building Inspector Scott Armbruster. Chairman John DeCosta said that he was concerned about the heavy burden of the constantly rising cost to the young family building a home. Since the fees had been upped recently, he said he would like to see them stay the same. The Selectmen consulted with Mr. Armbruster who said that, since his assistant received $9.00 per hour, some of his inspections cost the town more than was collected in the fee. The Selectmen voted the following revised schedule of fees:

BUILDING DEPARTMENT FEES:

Single Family Dwelling, .05 per square foot of living area.

Addition, .05 per square foot of living area ($50.00 minimum).

Alteration, $10.00; with foundation 20.00.

Commercial, $1.00 per 100 square feet ($50.00 minimum).

Renewal, $5.00

Commercial Alteration, $25.00 to $50.00.

Swimming Pool, $20.00

Shed, $10.50 over 150 square feet of area per inspection.

Garage, $30.00

Deck/Porch/Patio, $20.00

Wood Stove, $10.00; $20.00 with inspection prior to installation.

Chimney, $10.00.

Solar Collectors, $10.00

Demolition, NO FEES; structures 150 square feet or less-no cellar; $10.00 structures over 150 square feet; $10.00 structures with cellar.

All inspections that are made by the Inspector of Buildings over and above those listed, due to violation, will be charged to the applicant at the rate of $10.00 per inspection.

CORRESPONDENCE REGARDING FOSTER STREET

Selectmen received a letter from John Nosworthy informing the Board that Mr. Prentiss Higgins will attend the Foster Street meeting to represent him. Both Mr. Higgins and Mr. Nosworthy are convinced that their deeds indicate that their properties abut. Mr. Nosworthy requests that a determination not be made at the meeting without further conversation with summer residents.

HOSPITAL WEEK

The Selectmen noted the week of May 9-15 has been designated National Hospital Week and issued a proclamation urging townspeople to participate. They ask that people join Tobey Hospital in paying tribute to the dedicated hospital personnel who provide the community with skilled and compassionate health care.

LETTER TO SENATOR KENNEDY

Selectmen received a copy of a letter sent to Senator Edward M. Kennedy as follows:

Dear Senator Kennedy:

As a follow-up to our previous efforts to convert Route 6 back to four-lane status, the attached newspaper article and radio station commentary indicate only too well why we cannot tolerate the continuance of the Route 6 current configuration.

It is our strong belief that our communities along Route 6 will suffer only further fatalities if the highway is permitted to remain in its present configuration.

We appreciate your efforts on our behalf and would appreciate learning whether the Federal Highway Administration is considering changing their position regarding the highway.

Similar letters have been sent from the Chamber to Congressman Gerry E. Studds and Senator Paul E. Tsongas.

Mrs. Edna Archer Retires

MVN ANNOUNCES RETIREMENT OF ADMINISTRATOR

The Executive Board of the Marion Visiting Nurse Association, Inc. announces with deep regret the retirement of our Administrator, Mrs. Edna C. Archer, R.N., effective June 30, 1983.

Mrs. Archer, more fondly known to residents as Edna, served as our assistant nurse from June of 1961 and as our administrator from November of 1974. For the past 22 years, Edna has devoted herself to assuring the best professional home nursing care to all residents of Marion and for the past 12 years to the residents of Rochester also.

Her responsbilities have quadrupled in the past ten years with the increased expansion of home health needs. Under Edna's supervision, the M.F.N.A. was able to comply with all government regulations, necessary for certification, and also retain our status as a private organization. Our agency has become an outstanding one in our area.

Through these years of expansion, Edna's thoughts and direction were to assure every possible benefit and top quality service to each and every patient. In October of 1981 Edna implemented a very effective program of adding Home Health Aides to our staff. Our present M.V.N.A. staff includes the Administrator, Assistant Administrator, 3 Staff Nurses, 3 Home Health Aides and an Office Accountant.

The Board expresses their deep appreciation to Edna for her many years of devotion and compassion given to all her patients and to her staff. She has touched the lives of so many in need from infants to the elderly. Edna has been an outstanding nurse in the M.V.N.A. and a most valuable person to her profession and her staff. She leaves a legacy of love, compassion and dedication to people. We wish her every happiness in her retirement.

delights, for the price of a cookbook you are also favored with eight unique sketches of Mattapoisett's most interesting landmarks. We're sure each of you will want to have a copy of this book for your collection, and several others for gift giving. Besides all of these benefits, the profits from the cookbook sale are going right back into the school at a time when money is tight and budgets are restrictive.

The official sale of the book began with a dedication ceremony held at the school in April. At that time, Mrs. Claire Medeiros, wife of the late Jarvis F. Medeiros, was presented with a copy of "The 4th R .... Recipes". It is to Jarvis, Old Hammondtown's former instrumental music teacher, that its contents are dedicated. It is hoped that this small gesture will help acknowledge our respect for such a great man.

Plumb Library

BOOK ENDOWMENT FIRST TWO MONTHS A SUCCESS

After its first two months of operation the Book Endowment Fund of the Joseph Plumb Library in Rochester is about to put into circulation approximately twenty-five volumes thanks to the generosity of the people of Rochester and surrounding towns. In March volunteers delivered brochures to all households in Rochester. Since that time donations have been received as memorial tributes for loved ones and friends and as birthday remembrances for special children. Books may also be purchased as a thank you for a service rendered, as an anniversary gift or for any occasion where just the right gift is difficult to find. Each gift book is suitably marked with a special book plate that names the person honored and thanks the donor. A letter of acknowledgement is also sent to both.

The Friends of the Plumb Library, who initiated and are maintaining this program, wish to thank all who have so far donated. The public is invited to come to the library during regular hours and enjoy these new additions to its collection. For further information or to make a contribution write to Endowment Fund, Box 311, Rochester, MA. 02770 or call 763-8716.

Children have died and adults have died in alcohol related accidents. The communities surrounding New Bedford have certainly had their share of fatal and serious injuries over the years. and tired of picking up a newspaper and finding another report of a senseless and tragic accident.

It could be assumed: As with most assumptions, it would probably not be born out of fact. I have in mind several facts. In the towns of Rochester, Marion and Mattapoisett, a number of young people have died. A number have been paralyzed, maimed or crippled in alcohol related accidents. In June of 1981, one student died, one student became a quadriplegic, a third student permanently lost some of the mobility of a limb. One year following, in May of 1982, in a continuing effort to prevent these tragedies, the Old Rochester Regional Parents' Group sponsored an evening of information on drinking and driving. The program was based on the premise that if someone were to drink, then they should not drive. A total of SEVEN parents attended. We often assume too much. The Old Rochester Regional parents assumed that other parents really cared. They assumed that everyone was aware of the growing problem. They assumed that a possible solution was open, frank sharing of information. SEVEN people attended.

It is not Old Rochester, it is not the parents of Marion, Mattapoisett or Rochester that have this problem, it is societal and it is insidious. As with any difficult and chronic situation, one of the keys to success is persistence. The parents of Old Rochester Regional understand this and are, once again, sponsoring an evening to share information, to share concern and to provide a common base for the Judicious use of alcohol and the avoidance of alcohol related accidents within the district. We would like to extend an invitation to parents in all the surrounding communities to attend this program on May 16th at 7:30 in the Old Rochester Regional High School Auditorium. Is an hour and a half too much time for a parent to devote to saving a child's life?

LETTER TO THE EDITOR

More than 20 million Americans-ten percent of all children and adults in the United States - have speech, language, or hearing impairments which severely affect their ability to function as human beings. One of the major tragedies of modern health care is that so many of these individuals do not know how to get help for their communication disorders.

May is National Better Hearing and Speech Month -- a good time to discuss and alert the public to speech, language and hearing problems.

The problems faced by the hearing handicapped are self-evident. The young child who says "wain" for rain and "thun" for sun is said to misarticulate. The child who fails to utilize speech by 2½ to 3 years is in need of professional help. The individual who stutters is often the brunt of jokes and gags, embarrassed and hesitant to speak out in meetings or in the classroom and frustrated by the inability to share ideas with others. One of the most devastating of all communication disorders is aphasia. This is the disruption in speech, reading and writing which results from stroke or other brain trauma.

Speech-language pathologists and audiologists are the professionals who work with individuals with speech, language or hearing impairments in an effort to re-

FROM FACULTY OF CENTER SCHOOL

We would like to extend our thanks to everyone involved with the playground clean-up at Center School on April 23rd. For once, even the weather cooperated and the results were magnificent! The clean-up has made the playground a safer and more enjoyable place for everyone. The children have had a wonderful time on the newly repaired equipment and thoroughly appreciate all the time and effort that went into this undertaking.

A THANK YOU

We wish to extend our thanks to the staff of Kristen Beth Nursing Home for its many kindnesses; to our many good friends for flowers, welcome gifts of food, offering of Masses, and for their donations to St. Anthony's Altar Guild. Our gratitude, too, to the pallbearers and the clergymen of St. Anthony's Church.

Historic Preservation Week

"Preservation Is Housing America" has been proclaimed as the theme for National Historic Preservation Week, May 8 - 14, by the Waterfront Historic Area League (WHALE) and the National Trust for Historic Preservation. Mayor Brian J. Lawler will participate in the observance on Saturday, May 14, by issuing a proclamation "calling upon the people of New Bedford to recognize and participate" along with WHALE's efforts to celebrate National Preservation Week.

Approximately 5,000 preservation and neighborhood groups will hold events in honor of Preservation Week. WHALE's approach to celebrating Preservation Week comes in the form of a "Spring Clean-up Drive" Saturday, May 14th, canvassing the 14 block area of the Waterfront District. Assisted by the New Bedford Board of Realtors, Boy Scout Troop 12 (St. Mary's Parish), and the City of New Bedford, WHALE's volunteers starting at 10 a.m. plan to weed, trim, fertilize, cultivate and plant gound cover and evergreens around the historic properties along vacant lots and cobblestone streets.

WHALE is now recruiting volunteers for

A Review

"AMADEUS" FLIRTS WITH GENIUS

a review by George W. Hayden

Boston: Every now and then the entertainment industry offers us something spirited and meaningful as theater experience. Such sparks occur in Peter Shaffer's Tony Award Winning "AMADEUS". This is a play which is delicate in language and style, and very forceful in human understanding. (Educators in English, History and Music might have their students storm the second balcony of the Shubert to catch a glimpse of the best in today's theater.)

Based loosely on what is supposed to be a deathbed statement of court appointed composer Antonio Salieri, Shaffer exaggerates wonderfully in the theatrical fashion of the medieval "Everyman", and the psychologically romantic "Les Miserables" on how jealousy and envy might ultimately destroy genius on the temporal level. As narrator/performer/musician Salieri, John Wood builds a performance that captures evil and intellectual cunning. Mr. Wood does not overwhelm us with his introductory monologue. He underplays with finesse until the final conflict scenes with the dying Mozart where he disguises in gray as the messenger of death.

As the foul mouthed, bouncy Wolfgang Amadeus Mozart, John Pankow is enthralling and pitifully charming. Shaffer's Mozart has flit passions and glib, explicit speech. The rigid Salieri contrasts effectively with the dance-like elan of Mozart. Mr. Pankow who has played "Amadeus" in New York merits additional kudos for stepping into the role when screen actor Mark Hamill left the cast shortly before the Boston opening.

Michele Sayler was lovely and competent as Constanze, Mozart's nymphette wife.

Supporting players unobtrusively needled into the concert including Denis Holmes' Baron, Thomas Lee Sinclair's Count Orsini Rosenberg, Gavin Reed's Venticello, and Sam Tsoutsouvas' Joseph II.

Pacing by director Sir Peter Hall might have picked up a bit in Act I. John Bury's award winning set was extremely functional for the many tableaus from the composer's encounters with Salieri.

"Amadeus" is a satanic delight and verbally satisfying work. Shaffer's vision may be summed up: "Reduce a man, reduce the God". It runs through May 21.
